## West Milford-based SOS stages baby carriage march

Thursday, May 17, 2012

Taking advantage of the Mother's Day holiday, when families are thinking of moms, Strengthen Our Sisters, based in West Milford and Wanaque, marched outside the Passaic County courthouse in Paterson on Friday, May 11, to call attention to perceived judicial injustices against women. Women marched with empty baby carriages to signify that many moms long for their children due to court-ordered separations. More than 50 women and three children participated in the march, which entered its fifth year.
