

# In West Milford

**'Peace in our homes'** and "Never Another Battered Woman" were among the shouts of Strengthen Our Sisters rally marchers Monday morning as a group of about 75 women walked from the West Milford Police Station to the site of the new Valerie VanDunk Advocacy Center, across from Carl's Diner, Greenwood Lake Tpke. The center, dedicated to the memory of the battered woman and recent murder victim, will serve as a counseling and information center as well as a place for meetings and workshops. SOS also operates a second-hand store, Another Woman's Treasure II, from that location.
